

*Serving the Central San Joaquin Valley
Woodturning Community Since 1997*

Sequoia Woodturners

The Sequoia Woodturners is a woodturning club based in central California's San Joaquin Valley. The Club is a member of the American Association of Woodturners and has been serving the central San Joaquin Valley woodturning community since 1997.

Meetings take place on a bi-monthly basis to discuss upcoming events, new tools, and to help improve our members turning skills. Our meetings allow members to share the wonderful work they create and promote the free exchange of ideas and designs.

During meetings, one of our members provides the club with a great demonstration. These demonstrations help teach our novice turners new tricks and techniques.

Membership

We are always looking for new members to join our club. If you are interested in becoming a member of the Sequoia Woodturners please contact us for more information.

Membership dues are paid on an annual basis. Cost for one calendar year is \$40 per person (or \$20 for the remainder of the year after June 30th).

The membership application is available on our website, and at any of our bi-monthly meetings. Guests are always welcome at our meetings. We recommend attending one or two meetings before joining to see what we have to offer.

Pro Demos

We're always on the lookout for professional demonstrators touring the West Coast and try to get as many of the top names in turning to do a demonstration right here in the Central Valley. Presentations are usually a full day with lunch provided. Sign up fees vary from demo to demo.

Past presenters have included Mike Mahoney, Jason Breach, Jimmy Clewes, Eric Lofstrom and Glenn Lucas.

Club Meetings

Sequoia Woodturners hold regular meetings every other month. Our meetings begin with club announcements followed by a presentation. Presentations cover all aspects of turning - from sharpening to tool manufacture as well as live lathe demonstrations. We wrap up our meetings with a "show and tell" session where members show off their latest projects and tools.

Meetings are held on the last Saturday of every other month (with exceptions made for holidays) and begin at 10:00 am. Information for upcoming meetings, including time, location and program, is posted on our website at: www.sequoiawoodturners.org

Sawdust Sessions

In addition to our regular meetings we also hold the occasional "Sawdust Session". When a particular subject comes up that gets the attention of our club, we schedule a session to get together and go over it in depth.

Freedom Canes

Every year club members of the Sequoia Woodturners and Central California Wood Carvers turn and carve eagle head walking canes for our veterans. These canes are presented in front of family, friends and members from both clubs. We thank the members of both clubs for their participation in the Freedom Cane Program, but most of all our gratitude goes out to the veterans for their service.
